JNO. P. BARRETT, . . . . . EDITOR  
WEDNESDAY, MARCH 31, 1880.

HON. E. D. STANFIELD has resigned the office of President of the L. & N. & G. S. R. R. Mr. Victor Newcomb has been elected President.

THANKS to the Senate, that relic of barbarity, "The whipping-post law," is defeated. May its sleep never know another awakening.

M. RICHARDSON, Sheriff of Breckinridge county, settled the balance of his State revenue for 1879 with the Auditor on last Wednesday.

The fourth line in the third stanza of the poem "For a Wee Wee," in issue March 17th, was accidentally omitted, it is as follows:

"Her wealth and treasures to the less."

The Sheriff of Butler county, Thos. H. Turner, paid the balance of the revenue due him to the State for the year 1879 into the treasury last Wednesday.

The Republicans of Campbell county will send a Sherman delegation to Louisville. No county convention will be held, but the delegates will be chosen in each Magisterial district.

Mrs. LEE LEMPKIN has retired from the Owensboro *Messenger* and *Economist*, having sold his interest therein, to Messrs. Munday & Bransford, who will continue publishing the semi-weekly and weekly *M. and E.*

HENRY HALLOWELL, of color, shot and killed Elmer Mack, white, because Mack had shot Hallowell's dog. The murderer has been arrested and is in jail in Princeton, the affair having taken place in Caldwell county.

THOMAS PARTRIDGE, on Otter creek in Hardin county, on Monday night of last week wanted to go coon-hunting. He blew into the muzzle of the gun to see if it was loaded. It was, and his foot slipped off the hammer—result: a funeral and one less for the census enumerator.

MONTGOMERY COUNTY is excited over the reported discovery by one Bill Burkhardt of an old metal basin containing about \$200 in Spanish coin. The basin is marked "1716," which is supposed to be the date at which this money was deposited under the ledge of rocks where it was found.

UP to last Wednesday, 62 counties in the State had held Republican conventions, with the following result: 36 instructed for Grant, 37 for Sherman and 1 for Blaine, and 22 left their delegates uninstructed. A majority of those instructed have instructed for and 26 for Grant.

GEORGE GRIFFITH, the colored lawyer of Owensboro, has been appointed a store keeper, and will be assigned soon to one of the distilleries in that vicinity. Wonder if this is in reward for his effort to keep the Daviess county Republican convention from instructing for Grant.

THE Rooster pool, of the *Frankfort Courier*, thus touches off the unfounded rumor of the loss of the ship with Gen. Grant aboard in the Gulf of Mexico:

There is no such thing.  
The ship is safe.  
She makes the trip go down.  
That bears the name  
What is the plan?  
To win and wear a crown.

THE resolutions adopted by the Bar Association of Owensboro, in reference to Judge J. A. Murray, will be found elsewhere in this issue. The high compliment paid Judge Murray is justly merited. He has conscientiously endeavored in the discharge of duty to act justly and fairly toward all, and has thus impressed those attendant upon his courts.

THE Republican convention for the State of Texas did not instruct. A motion to instruct for Grant met with considerable opposition. The delegates were instructed to vote as a unit, while a majority of the delegates are for him; hence the motion to instruct was not passed.

HON. J. A. MCKENZIE has introduced a bill in Congress abolishing all duties on agricultural machinery and implements. This is a bill that should be questionably enacted, but having been referred to the committee on "Ways and Means," who are in favor of tariff, and high tariff at that, it will probably not be acted upon this session. The Southern, Middle and Western States should see to it that the next Congress has a majority of "Free Traders."

A MASKED man, last Wednesday, entered the house of Mr. John Dauner, one mile from Hawesville, during the absence of Mr. Dauner, and presented a revolver at Mrs. Dauner bade her power or take the consequences. He then called to a comrade, also masked, to enter, and while the one kept the terrified quiet with his weapon the other broke the trunk and took therefrom ten dollars, all the money there was in the house.

THE following gem was written by the former private Secretary of Governor Dewitt Merrivether while he was governor of New Mexico thirty years ago, the author being now employed on a Pennsylvania paper. We hope the good old governor may yet live many years to serve his country and bless his country:

Old friend, come put your hand in mine,  
We'll be friends together;  
We'll have no more of snow and storm—  
So let's have pleasant weather.

I'll be the one to lift the clouds  
And let the sun shine.

And let the sunshine smile on you  
From out the gates of heaven.

Old friend, come put your hand in mine,  
We'll be friends together;

On down the road we'll walk of ours,  
Our love, our plow and cart.

And you walk on the flowers.

And when you reach Death's river bank,  
Just tell the angels who are there,

And they will take you over.

## The Grand Boom in Kentucky.

Lane county Republicans spoke out unanimously and enthusiastically for Grant.

Henderson county Republicans did not instruct.

Logan county Republicans instructed for Grant.

Metcalf county Republicans are for U. S. G.

Fleming county Republicans desire Grant with Walter Evans for the second place.

Wayne county Republicans wheeled into line for Grant unanimously.

Robertson county Republicans helped to swell the Grant army.

Green county Republicans give best for Green "uns" not to instruct.

Letcher county Republicans stick 40-1 against Leg. Chasers.

Casey county Republicans are for Grant.

Jefferson county Republicans give tally to Blaine, Sherman and Grant, appoint delegates and leave them un-instructed.

McLean county Republicans were too modest to instruct.

Call for Democratic Convention for Ohio County.

At a meeting of the Democratic Executive Committee of Ohio county, held in Hartford on the 29th day of March, 1880, it was ordered that a convention of the Democratic party be held in the Court House on Monday the 3rd day of May, 1880; at 2 o'clock p.m., for the purpose of nominating candidates for Clerk of the Circuit Court and for Sheriff. It was further ordered that a Democratic mass meeting be held in each voting place in the county on Saturday the 1st day of May at 3 o'clock, p.m. for the purpose of electing delegates to the County Convention and that each precinct send one delegate for every fraction of 13 and over cast for Blackburn for Governor at the last August election. All voters who are in sympathy with the Democratic party, who believe in its principles, who are opposed to the political doctrines advanced by the Republican party, who have heretofore voted with the Democratic party or who in good faith intend in future to do so, are invited to attend the Democratic party are invited to take part in these mass meetings.

E. D. WALKER, Chairman.

J. E. Fogle, Secretary.

According to the above call the precincts will be entitled to the following delegates, viz: Hartford 11 delegates, Ellis 5, Bartlett's 5, Buford 6, Fordsly 7, Centertown 7, Rockport 5, Upp Springs 2, Cromwell 5, Stewarts 1, Beaver Dam 5, Rosine 4, Sulphur Spring 3, Total 46. Necessary to nominate 34.

**Republican County Convention.**

The Republicans of Ohio county will hold a convention here next Monday to select delegates to the State convention, which will be held in Louisville, Wednesday, April 14th, to select delegates to the Chicago convention, to be held June 2d, to nominate a candidate for President and Vice-President. There is a good deal of feeling being worked up in the county; some favoring instructions for Grant, some for Blaine, and some for Sherman, while there are others opposed to any instruction at all. The convention will be held at the court-house, and will be called to order at 1 o'clock p.m.

**Reform Must Begin at Home.**

Editor Herald:

It is painful indeed to listen to the apathy of the people to the politicians and their respective party leaders, for reform and reformation in public matters, and man again to labor and toil, disregarding those pledges, and the disappointment of the people. It is useless to expect our legislatures, either State or National, to reform the people; reform must begin at home, to be a natural consequence, and a matter of expediency, conform themselves to the wishes of the people they serve. To convince ourselves that reform cannot be brought about by legislation, we have but to look at the proceedings of our present legislature, either State or National, and see that the majority of the delegates are for him; hence the motion to instruct was not passed.

The resolutions adopted by the Bar Association of Owensboro, in reference to Judge J. A. Murray, will be found elsewhere in this issue. The high compliment paid Judge Murray is justly merited. He has conscientiously endeavored in the discharge of duty to act justly and fairly toward all, and has thus impressed those attendant upon his courts.

Hearing is believing, and seeing is the naked truth. Come to our office and see the "Early Profile" corn as it grows, three to eight ears on a stalk.

There was more drunkenness in Hartford last week than we ever saw in the same length of time during a residence here of over sixteen years. The Town Marshal grabbed up a good many of them, in fact too many to give names and particulars. Some of them are known inebriates, and although there is a law against selling such persons whisky, they manage some how to get it by proxy or otherwise.

We admire the pluck of a young lady who is brave enough to defend the rights allowed them every four years, and as 1880 is a privileged year, we take pleasure in announcing Miss M—— (by request) as a candidate for matronity. The handsome advertisement of the McHenry Coal Company's Store. They have just received an elegant new stock of goods, and like sensible, liberal business men, they desire to make it known through the proper channel, the local paper.

For the past few days the town has been flooded with counterfeit nickels, and it is strongly believed by some that they are being made in town. The work is so well executed that it is not at all difficult to pass them upon unsuspecting persons. Everybody is on the alert, and the counterfeiter will be caught up with sooner or later.

Last Saturday was a first-class March day.

Fresh oysters today at W. H. Williams & Son.

Business in all branches was good last week:

For good and cheap groceries, go to W. H. Williams & Son's.

Don't forget those seed potatoes at W. H. Williams & Son's.

Marshall Hardwick was kept pretty busy last week attending to those who had deviated from the path of sobriety.

John Williams, near Rockport, went out last week during the high water to cut a tree for saw-logs. The water was some fifteen or twenty feet. He went to a canoe with ax, saw, dinner basket and all necessary articles. He missed his calculations, the tree falling the wrong way, across the canoe, striking it, carrying Williams about ten feet under the water. He got out, but lost everything else, bursting the canoe. He can get the saw, ax, &c., after the water recedes, should it ever conclude so do so.

It seems that the flats just on the south edge of town has been selected by the town, or at least by some of its citizens, as the place of deposit for all the dead carcasses that are donated to the subsistence of Mr. B——, whose first name is Turkey. The remains of two quadrupeds of the genus "Equus" were hauled and left on this bank-yard last week, in a short distance of several families living in that end of town. During spring, summer and autumn, the air when in motion at all, is generally stirred by the gentle zephyrs from the sunny southland and comes to the town from the very direction of this field of putrid carcasses. The soft, balmy breezes are thus laden with the festidious effluvia, and to those families on that side of town the nauseating odor is intolerable. We know of no reason why the citizens of that part of town should be compelled to act as the smelling committee for the whole town, and in their behalf and as one of them, we say we will not longer be imposed upon. It is unpleasant to us and unhealthy to the whole town, and the next person depositing a carcass there will have the law enforced against him, and it will be recalled in this way will organize and have the carcass hauled back to the place from whence it was brought. We wish it distinctly understood our end of town will not longer submit to this outrage.
